WOBBLE TRAP DEMO

Saturday, September 14th

*****10am until Noon*****

WOBBLE

1. There are 25 targets in a "Round of Wobble Trap".
2. Wobble is normally a 12 gauge game due to the distances involved.
3. There are 5 shooting positions in a straight line (1 thru 5).
4. The shooting line is 16 yards behind the "Trap House".
5. The Trap Machine is moving *widely* both side to side AND up and down for totally random shots.
6. All targets are flying away from the shooters.
7. Because of its randomness, Wobble is a two shot game so two shells are loaded for each turn.
8. The gun is normally fully mounted prior to calling for each target when shooting Wobble.
9. Each shooter calls "pull" and shoots in turn, one at a time.
10. After all shooters have shot 5 targets, the referee will say "change" or "rotate" and everyone moves down one position.

Coffee, juice and donuts provided

Bring your shotgun and some ammo!
