## Project *Appleseed* Rifle Clinics

At Henry County Gun Club scheduled for:  
**May 16-17** for the 25 meter event on the pistol bays.  
**October 10-11** for the Known Distance on the 600.

To sign up, go to the Appleseed website, [www.appleseedinfo.org](http://www.appleseedinfo.org)

The capacity of both events is **15**.

Two have already signed up for the 25m event.

In order to attend the KD, shooters must first have come to a 25m event.

To sign up, click on "Find an Event" on the Appleseed home page.

Here, you can find Information and Registration for the events.

Also on the home page, the selection, "How To Prepare", contains much information for a 25m event.

Most shooters at these events use .22s. Almost any of these can be used but those with removable magazines are more user friendly. Any type of sights are welcome. Those with scopes usually have the scopes located too far to the rear. They should be moved as far forward as possible.

Some scope mounts are available to move them even more forward. To obtain the most from these clinics, slings are recommended; and the best, and least expensive, are the 1-¼ inch GI slings which are available from the Appleseed store. I will have a few of these on hand.

They also require 1-¼-inch swivels.

Please feel free to contact me for any additional information.
